

PhD STUDENT POSITION AVAILABLE IN THE LABORATORY OF ANIMAL GENOMICS, GIGA-MEDICAL GENOMICS UNIT

Established in 2007 at the University of Liège, **GIGA** is an interdisciplinary research center in biomedical sciences whose mission is advanced medical innovation. The institute encompasses more than 500 members (PI, senior researchers, post-doctoral scientists, thesis students, technicians) with expertise in medical genomics, *in silico* medicine, neuroscience, oncology, infection and immunity, and cardiovascular sciences.

GIGA provides its members access to a broad range of state-of-the-art technologies through core facilities, including the genomics platform (<http://www.giga.uliege.be/>).

GIGA is the only Belgian research center directly integrated within a university hospital, making it a major player in translational research where links between researchers and doctors are at the heart of the research activity.

The Laboratory of ANIMAL GENOMICS (www.giga.uliege.be/cms/c_20639/fr/unit-of-animal-genomics-home) of the GIGA-MEDICAL GENOMICS (http://www.giga.uliege.be/cms/c_17588/fr/giga-medical-genomics-accueil) is **seeking to hire, as soon as possible, an enthusiastic PhD student to be part of the gut single cell RNA sequencing team.**

Profile

The IBD team in the Animal Genomics lab seeks an energetic and motivated scientist with a master degree in *biology/medicine* or *assimilated with a high interest in genomics, bioinformatics and Immunogenetics*. The candidate should be fluent in oral and written English and/or French, with good team spirit and excellent communication and organizational skills.

We offer

- A high profile research project, fully financed by highly competitive grants
- A modern, international and well-equipped research environment with state-of-the-art technological platforms.
- An attractive salary in an affordable, lively and welcoming environment

How to apply?

Please provide a cover letter in which you describe yourself and explain your interest in pursuing PhD degree, a CV including information about your education, previous

work experience and expertise, and two references with contact information. Documents should be sent to srahmouni@uliege.be and to Michel.Georges@uliege.be.

Additional information can be obtained at the same email addresses.
